Re: Martha Burian

This is a letter of recommendation for Ms. Martha Burian who has informed me that she has an interest in working for your school district. I have had the opportunity to work with Ms. Burian for the past two years. Presently, she is a 5th-8th Grade Art Teacher at Bueker Middle School.

During her time at BMS, some of Ms. Burian's professional qualities are that:

- She takes great pride in her work/job.
- She has the canny ability to work very well independently, or collaboratively with a team of colleagues.
- She is organized and plans enjoyable and effective lessons that cause students to learn.
- She is always willing to learn and improve upon her present practices.
- She has been an extremely loyal employee.

The staff and I would be saddened to see her leave, as she would be sorely missed. I would not hesitate to hire Martha if given the opportunity. Please call me, if needed.

Sincerely,

Lance Tobin

Lance Tobin, BMS Principal
